ROASTING INDIANS.

Huoters Save an Indian Girl from a Correbio Death.

The Virginia (Nevada) Enterprise of Feb. 12 relates the cunexed.;
About two weeks since Alderman Dimock and one or two other gentlemen left this city on a hunt in the direction of ifmay take. They were well provided with orms and provisions, and had a good lime generally. Night before last they returned to this city, bringing several trophies of their prowess. During their excursion they killed aucik weighing 401 pounds, and a number of deer, antelope, and emiller geme. Among their expures they renkon en Indian girl about seven yeers of ege, whom they resoured from a wer party of five l'uties. The party had with them enother and other child, a woman, and a girl about sixteen years of ege, escaped prisoners, whom they had with them enother and other child, and the traken and were conducting back to be tormed to deeth, but our friends as whet though they might, for the aske or prece, yield The Virginia (Nevada) Enterprise of

Minusderatood the Text,
A worthy deacon hired a journeyman
fernier from a neighboring town for the
enumer, and induced him, eithough he
was uneccustomed to church-going, fo
accompany the feutily to church on the
first Sabbeth of his stay. Upon their return to the deacour's house, he asked his
hired man how he liked the preaching.
He replied.

"I don't like to hear any minister
preach pulitica."

"I am very ours you heard no politice

deacon.
"I will. He said, 'If the Democrate scarcely ore saved, where will the Republicans eppear?"
"Ah," seld the deacon, 'you mistake. These were the words: 'If the rightcome scarcely are saved, how will the wicked and dispodly eppear?"
"Oh, yes," said the men, "he might have used those words, but I know detuced well what he meant."

as little by principle as they are will only be thwarted in the execution of their plans by the apprehension that any attempt to carry them by force will be meet by anyector force, and that condign punishment will overtake them in the midst of their eins.

It is barely possible that a decision upon the constitutionality of the reconstruction have any be prescaled at an early day. The competency of the court to make such decisions being conceeded by the Radical index, they can no longer with any consistency appose the test, and the recent may be that their whole arries of the substitute of the reconstruction being conceeded by the Radical index, they can no longer with any constitutions being conceeded by the Radical index, they can no longer with any constitutions of the failure of the substitution of the failure of the

be that their whole series of laws relating to the government of the Southern States with the blown to Iragments. We are not without the government of the conservation without book that we will soon see this grantying termanection of Radieni miscrement, and that the nation will find that peace for which it has so been such as the property of new work, got a factor in the conservative manufacture of the conservative manufacture in the conservative The Question Settled Scientifically.

We learn with dismay that when ten, growing root of when as looking we settles of the country and also that the country and also the country and also that the country are considered to the country and also that the country are considered to the country and also that the country are considered to the country and also that the country are considered to the country and also that the country are considered to the country and also that the country are considered to the country a We learn with dismay that when teen, it cont "was about twive years old," he had his head examined by a blindfolded phrenolo his head examined by a blindfolded phranolograt. After the manipulator of beunps land reouvered from his actorishment at the more
entraordinary head, a Doctor Buckner seked,
whether the boy would be Ikely to dictus
to the boy would be Ikely to the boy to boy to the boy to the boy to the boy to the boy to be boy to be boy to the boy to be boy

guish himself to mathemathicat "Yes," said the phreuologust, "In mathematica in cay-thing else; it would not be stronge if we should not him Problem of the United States"

the phreuologist, "it mediamathies or early thing deep it would not be stronge if or should see him Problem of the littled Stoke."

Wa learn all this from a letter by treat sent to to be New York Lodger. We are also indebted to the same source for the knowl. odge of the fact that when Ulys co was about twelve years old (an eventful period in the nic of this great boy) he woo half a dozen marbles by jumping inventy five feet down a bing and afticking in the mad. Again, "when he was about twelve years old," he drove a boube of young ladice into a smolleu creek. The water arose to their wasts. They acramed. "In the tabled of the extitement it yace, who was on a forward event, looked back to the ladice, and with an air perfectly unditarted, surely, and "bou"l epeak—I will take you through onto.

We are suriously awaiting to see how the tend taker of this wonderful boy whill explain live son's correspondence with the President. In our opinion that performance ec pace any timing Ujssen over did "when he was about twelve years old."

Per Hon, Geo, R. Vickers, the newly election of a won't a torrespond to get any a small sensation on the cree attals by offering a resolution that they be rived to the Committee on Judiciary. His
